SUMMARY

Returning computer science student. Was on hiatus from pursuing a higher education.
Now is returning with renewed interest, and seeking more opportunities to expand and improve upon to learn skills that would benefit both myself and any field I ultimately decide to pursue within the computer science-related realm. Is interested in working with AI and how to integrate it more ethically and sustainably, while expanding on current uses in the modern era.

EDUCATION

Chaminade University of Honolulu, Honolulu | 2026 – Present

- Relevant Coursework: SQL (Database Systems), R, Python

University of Hawaii at Hilo, Hawai'i | 2012 – 2016
